

# MG Car Club-Central Jersey Center

## Spring Tune Up / Tech Session

When: May 9, 2026, 9:30 to 1:00 (Rain date TBD if needed).  
Please arrive by noon at the absolute latest.

Where: Shadetree Garage  
171 Washington St.  
Morristown, NJ 07960  
(973) 540-9880

Art Bruhn of Shadetree Garage has graciously opened his shop for us to use his lifts. Jim, one of his techs, will be available from 10 to 11am, to assist. Bring your MG and put it on the lift to check things, or change oil, grease the suspension, rotate tires, replace brake pads, or other minor work you may need. If you think you may need more than an hour on the lift or are contemplating any significant work, please call Art in advance. Feel free to bring your own parts. Art will have oil with ZDDP in it, otherwise, please bring your own oil and filters.

### Directions:

Shadetree is about 2/3 of a mile northwest from the square in Morristown just off on RT 24/124 towards Mendham, and across from the edge of Burnham park. While the address is 171 Washington, there is limited parking there, the best access is to turn on to Knox Rd next to the building, and approach from the back to access the lifts. The back road approach through Morris County has some great roads instead of using 287. GPS is the best way to make the approach through Mendham or from Morris Plains.

Please RSVP to Kathy Maas at [kmaas1@yahoo.com](mailto:kmaas1@yahoo.com) or 732-778-8615 (call or text) so that we know how many to expect. We will wrap up early if everyone that RSVP'd has completed their planned work.
